

## OC Dive Boat SCUBA Charters - Group Rates

Group rates are available for dive groups of six divers for a two tank dive charter or four divers for a three tank charter. In order to secure a date for a group trip and receive the group rate, the group must issue a 25% deposit of the total group cost. The date will not be held without the deposit. The balance of the total group cost is due seven days before the scheduled trip.

Groups are responsible for paying for the **entire** committed group reservations whether or not they sell or fill the spots they reserved. Groups are also responsible for screening the divers they bring for proper experience, training, equipment and prerequisites required for the dive sites the group representative selected. All divers will be screened at the dock by the boat Captain and divers who arrive unqualified or without proper certifications will not be permitted to dive and will not be offered a refund.

<b>Charter</b>	<b>6 Divers / 2 Tanks</b>	<b>4 Divers / 3 Tanks</b>
Zone 2	\$750.00	\$750.00
Zone 3	\$800.00	\$800.00
USS Arthur Radford *Dive 2 will be on a different wreck inshore	\$1,000.00	N/A
Marine Electric *Dive 2 will be on a different wreck inshore	\$1,000.00	N/A
Fenwick Shoals	\$750.00	\$750.00
Screw Wreck *Dive 2 will be on a different wreck inshore	\$1,000.00	N/A

\*Dive locations of all charters are not guaranteed. Dive location decisions may be subject to time constraints, other boaters, dive and sea conditions or experience of divers. The boat captain reserves the right to modify the dive location at any time.

Spearfishing is allowed on all charters as long as the diver can demonstrate safe and responsible speargun and spearfishing standards. We require all divers to carry a safety sausage, a cutting tool and a wreck wheel/line. **A pony bottle and a powerful dive light are highly suggested.**

**Please bring only one large fish cooler and one drink cooler to share amongst your group.**

We do not provide equipment including tanks on our charters unless reserved and confirmed in advanced. You must bring all your own dive gear in good working order when you come to dive.

**Technical dive profiles are permitted upon request on group trips only.**

If a diver is under 18 years old, that diver AND the parent must sign the release forms and be present at the dock with you as you board the vessel. Any diver who is under 18, must be under the direct supervision of a private licensed dive professional as well as a dive certified parent and provide the Capt with copies of the proper signed paperwork between the diver and the licensed dive professional. Divers under 18 must have Full Advanced Open Water Certification (No Jr Divers) with at least 20 logged dives in addition to cold water, low visibility, and boat diving experience and can only dive on wrecks 30ft or less.
