

OC DIVE BOAT LINE SYSTEM

After entering the water, hang on to the Tag Line that will be floating off the back of the boat. When you and your buddy are ready for your dive, pull your self to the blue and white Granny Line, make your descent down the Granny Line and remain on the blue and white Granny Line until you reach the white Anchor Line. Follow the Anchor Line to the wreck. Please follow the same lines back to the boat after your dive. **WATCH YOUR HEAD AROUND THE BOAT!** Please keep your hands on a line the whole time to and from the wreck and on the tag line at the surface.
